

## Dr. Suruchi Singh

A Faculty of our Department has been selected as Mentor for the 'AROHAN' programme, a state level Mentor mentee Programme initiated by the Govt. of Assam

'AROHAN' in brief is a Mentor-Mentee programme for meritorious student of Secondary classes of Govt schools **envisioned by the Hon'ble Chief Minister of Assam**. AROHAN is the programme - about taking everyone along, about handholding & support, ... about giving back to society.

AROHAN - means Ascent. A properly mentored and guided upcoming generation shall be the strength and asset of the society and the future of Assam and our Nation's pride.

Under the AROHAN the talented students in the age group of 13 to 18 years of the class-IX-XII will be provided support through mentoring/ counselling for career progression, exposure and incentive either cash or kinds.

With a goal of creating a pool of Mentors for providing support to selected mentee (students), the state Government has designed a programme "Arohan". The Mentors will assist selected students of new generation to be supported as mentee in ascending and excelling in their careers and in life.

For details about programme 'AROHAN', Govt. of Assam has organized district level training programme in each district and for Barpeta district it was organized by Barpeta district administration in association with 'Samagra Sikha Abhijan' on 28/04/2023 in Barpeta. Dr. Singh participated by selection in that event.
